

Docket No. 4418-2

sub B1
7. (Amended) An accessory as claimed in claim 1, in which the end portion has a plurality of openings defined therein to permit drainage of excess water collected about the inlet end portion.

8. (Amended) An accessory as claimed in claim 1, which includes a grate member that is received in the inlet end portion, once the closure has been removed.

sub B1
11. (Amended) An accessory as claimed in claim 1, which is of a plastics material.

12. (Amended) An accessory as claimed in claim 1, which includes a sealing member having a flange portion and a body portion, the body portion defining a passage in which the conduit is received and the flange portion being positioned to extend radially from the conduit when the conduit is received in the passage, the conduit and the body portion being attachable to a drain pipe positioned in a substructure, with the flange portion overlying an upper surface of the substructure.

sub B1
15. (Amended) A kit as claimed in claim 14, wherein the kit includes an accessory for use in construction, said accessory comprising a conduit that has an inlet end portion and an outlet end portion, the outlet end portion being mountable on a drainage pipe so that the conduit and the drainage pipe are in fluid communication with each other; and a removable closure member which is mounted on the inlet end portion to close the conduit when not in use so that the ingress of detritus into the drainage pipe is inhibited.
